Bathrooms, Kitchens, Home Studies & Bedrooms
Established 1987

caledonia·kitchens

A dramatic, monochromatic landscape of a rocky coastline. The scene features a pebbly beach in the foreground, a rocky shore with waves crashing against the rocks, and a steep, layered cliffside on the right. The sky is a deep, dark blue, and the overall atmosphere is somber and atmospheric. The text "From an inspi rational land..." is overlaid in a stylized, orange-outlined font across the middle of the image.

From an inspi rational land...

**IN OUR ULTRA-MODERN FACTORY ON
THE NORTH COAST OF SCOTLAND**

we can create your bespoke Caledonia kitchen using the perfect blend of artisan craftsmanship and cutting-edge technology. Since our birth in 1986 we've had a policy of continuous improvement and investment in our machinery and our craftspeople, and it is our people who, ultimately, ensure that your new kitchen is manufactured to the most exacting quality standards.

MADE JUST FOR YOU

Custom-built and individually processed through our factory, every part of your kitchen is cut, drilled, edged, sanded, sprayed and then finally assembled by hand. This approach contrasts with many other kitchen manufacturers who use impersonal production and assembly-line techniques. So our production system is more akin to 'hand-built', with this having huge benefits to build quality, fit and finish.

...come inspirational kitchens

YOUR KITCHEN, YOUR CHOICE

Your Caledonia kitchen won't make you compromise. Our flexible approach ensures your kitchen is made-to-measure and completely tailored to suit your individual requirements. This means, for example, that we can design around that awkward alcove or troublesome doorway.

Your kitchen will be ergonomically designed to fit you. It's the little things, like your oven being at exactly the right height for you to use, that make all the difference. And to help make the most of your available space, your Caledonia kitchen can include clever storage systems from our partners Blum and Kesseböhmer.

YOUR KITCHEN, YOUR COLOUR

The design of your kitchen is very personal, as is the choice of colour. We offer a selection of over 50 paints and stains, but if none of the colours in our collection exactly suits your taste, we will find a specific colour that's just right for you — whether it's from the extensive Farrow & Ball or Fired Earth ranges, or from a sample of that colour that you've always loved. So take a look at the styles and ideas on the following pages, then use these as inspiration for a beautiful and unique kitchen, made just for you and your home.

Stephen Bremner

Founder and Chairman

Painted island end featuring solid oak slats and an oak end grain butcher block worktop.

NEXT PAGE:
Syre Painted Sea Haar & Winter Blue.

Our beautifully crafted over-range mantel, painted in fired charcoal.

FACING PAGE:
